Toru Nakagawa (WTSP Project Leader, Osaka Gakuin Univ., Japan) Jul. 2, 2020

We have built the World WTSP Catalogs [Engl](#) (Instructions) (Jun. 30, 2020 Edition) as a set of 11 Web pages of Instructions/Indexes/Catalogs:

- (A) World TRIZ Sites Catalogs [Engl](#) (Instructions)
 - (A1) World TRIZ Sites Top Index (◎) [Engl](#) -- (◎ 23 sites)
 - (A2) World TRIZ Sites Basic Index (◎○) [Engl](#) -- (◎ 23 sites, ○ 39 sites)
 - (A1P) World TRIZ Sites Top Catalog (◎) for Print [Engl](#) [E PDF](#) (PDF, 13 pages in A4)
 - (A2P) World TRIZ Sites Basic Catalog (◎○) for Print [Engl](#) [E PDF](#) (PDF, 23 pages in A4)
- (C) World Around-TRIZ Sites Catalogs [Engl](#) (Instructions)
 - (C1) World Around-TRIZ Sites Top Index (◎) [Engl](#) (◎ 33 sites)
 - (C2) World Around-TRIZ Sites Basic Index (◎○) [Engl](#) -- (◎ 33 sites, ○ 127 sites, □ 19 sites)
 - (C1P) World Around-TRIZ Sites Top Catalog (◎) for Print [Engl](#) [E PDF](#) (PDF, 16 pages in A4)
 - (C2P) World Around-TRIZ Sites Basic Catalog (◎○) for Print [Engl](#) [E PDF](#) (PDF, 60 pages in A4)

The data themselves have increased only very slightly from the Oct. 2019 Edition, but the usability has been improved much.

The "Index" pages (i.e., (A1)(A2)(C1)(C2)) are composed of the Index table of sites categorized and arranged well, where the site descriptions are accessible with hyperlinks to their original Site description files.

The "Catalog for Print" pages (i.e., ((A1P)(A2P)(C1P)(C2P)) contain the descriptions of sites arranged in the same order as the Index part. They are downloadable in PDF (under the copyright remaining at the WTSP project), readable in print, and usable on your PC with active hyperlinks inside the Catalog and also going to external site URL.

Thus our World WTSP Catalogs are at the stage of the Beta Edition which invites users and practitioners to read and use actively for learning and applying in their jobs.

Please use the WTSP Catalogs and feed us back your comments/suggestions.

We are going to enhance/improve them further through voluntary collaboration of many people working in the fields of TRIZ and relevant methodologies.

Enjoy using WTSP Catalogs ! and Let's work Together !! Connected !!!

PS: Various hyperlinks in this PDF file are active on your PC, just like in the WTSP site.
