## Darrell Mann "Hands on Systematic Innovation"

Errata and Q\&A (Part 1)
Toru Nakagawa and the Translation Team in J apan, on Aug. 17, 2003
Reply by Darrell Mann, on Nov. 15, 2003.

This is a document of errata, questions, and suggestions from the translation team in J apan to the Author and hopefully include the correspondences from the Author. Following are the notes for reading this documents:
(1) The tables are arranged chapter by chapter and in the increasing order of the place of relevance.
(2) The errata previously sent to us by the Author on J une 20, 2003 are also included here for the sake of consistency and readers' convenience. They are marked at the Answer column as 'Mann J une, 2003'. When it says 'Mann J une, 2003 (Brazil)', reflects the correspondences between the Author and the Translator into Portuguese, Mr. Archimedes in Brazil.
(3) The first column shows: Page, Type, paragraph, and line

Page: all refers to the page number in the published version, as was printed on May 2002.
Type: E: Error.; obvious error; including the errata shown in J une 2003.
Q: Question. Including error but being not clear how to change. Question concerning to the content.
C: Comment.
S: Suggestion. Some proposal for improvement.
Some of them will be adopted in the J apanese version without intending the modification of the English version.
Paragraph: Headings and figures are not counted as a paragraph.
E.g., $3 p$ represents the 3 rd paragraph from the top, while 3 pb represents the 3 rd paragraph from the bottom of the page.
Fig. or Table represents the figure or table in the page.
Line: Line number in the paragraph, usually counted from the top, whereas line number counted from the bottom is shown as, say, 3b.
h: represents the heading which leads the paragraph.
(4) The second column ('Is') shows the text at present.

The text is shown in black, while some part is shown in blue for your focus.
Some explanation is shown in [ ] in green.
(5) The third column ('Has to be') shows the (proposed) corrected text and various comments. The text itself is shown in black, while the corrected part is shown in blue. Various comments and explanations are shown in [ ] in green.

Our J apanese translation version is trying to be as correct as possible to the original texts.
Some points of changes will be made without listing up in this document explicitly as follows:
(6) In theJ apanese version, all the headings will be numbered in a hierarchical way.

This numbering is not shown in this document. They will appear in the enhanced table of contents some time later.
(7) For emphasizing words and phrases, various ways are used in the original text (sometimes not in a consistent way). In the J apanese version we will try to reflect most of them but not all because the styles of expressing emphases are often different.
(8) Layout of some parts (especially, some itemized parts) will be changed slightly.
(9) Some words or phrases are inserted for brief additional explanation in [ ].

Chapter 1

| Page <br> Type <br> Parag. <br> Line | Is | Has to be (Question/Comment) | Answer |
| :---: | :---: | :---: | :---: |
| $\begin{aligned} & \hline 9 \\ & \text { title } \end{aligned}$ | Introduction | Introduction-TRIZ; Toolkit? <br> Method? Philosophy? An <br> Overview <br> [This is taken from your Table of Contents; and seems to be more informative.] | We will leave the text as it is |
| $\begin{aligned} & 12 \mathrm{E} \\ & 1 \mathrm{p} ; 1-2 \end{aligned}$ | that, to varying degrees can be | that, to varying degrees, can be [Insert a comma.] | okay |
| $\begin{aligned} & 15 \mathrm{E} \\ & 2 \mathrm{p} ; 1 \end{aligned}$ | If I'm making soup it doesn't matter-I may get | If I'm making soup it doesn't matter - I may get <br> [changed into " - ".] | okay |
| $\begin{aligned} & 15 \mathrm{E} \\ & 4 \mathrm{p} ; 1 \end{aligned}$ | The profiles illustrated in Figure 1.2 | The profiles illustrated in Figure $1.3$ | okay |

| 15 E | Figure 1.4: Propensity to | Figure 1.5: Propensity to | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & \hline 16 \mathrm{E} \\ & 4 \mathrm{p} ; 1 \mathrm{~b} \\ & \hline \end{aligned}$ | made again in Figure 1.5. | made again in Figure 1.6. | Mann J un 2003 Correct in 2nd print |
| 16 E | Figure 1.5: The Overlap | Figure 1.6: The Overlap | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & 17 \mathrm{E} \\ & 2 \mathrm{p} ; 1 \end{aligned}$ | Izobreatatelskikh Zadatch) | Izobretatelskikh Zadatch) [Drop 'a' in the word.] | okay |
| $\begin{aligned} & 17 \mathrm{E} \\ & 2 \mathrm{p} ; 2 \end{aligned}$ | As illustrated in Figure 1.1, | As illustrated in Figure 1.2, | okay |
| $\begin{aligned} & 17 \mathrm{E} \\ & 2 \mathrm{p} ; 3 \\ & \hline \end{aligned}$ | The whole has developed | The whole has been developed | okay |
| $\begin{array}{ll} 17 \mathrm{~S} \\ 2 \mathrm{pb} ; & 6 \end{array}$ | solving tools. Although TRIZ is | solving tools. <br> Although TRIZ is <br> [Start a new paragraph here.] | Correct as is |
| $\begin{aligned} & 17 \mathrm{Q} \\ & 2 \mathrm{pb} ; 6 \mathrm{~b} \end{aligned}$ | for any situation users may care to throw at it - | for any situation users may care to throw themselves at it [Is this an idiom?] | Correct as is <br> (in J apanese edition you may like to use 'may care to direct at it') |
| $\begin{aligned} & 18 \mathrm{E} \\ & 3 \mathrm{p} ; 4 \\ & \hline \end{aligned}$ | framework - Figure 1.6. | framework - Figure 1.7. | Mann J un 2003 Correct in 2nd print |
| 18 E | Figure 1.6: General TRIZ Process | Figure 1.7: General TRIZ Process | Mann J un 2003 Correct in $2^{\text {nd }}$ print |
| $\begin{aligned} & 18 \mathrm{E} \\ & 1 \mathrm{pb} ; 2 \mathrm{~b} \end{aligned}$ | ways of 'eliminating' contradictions', | ways of 'eliminating contradictions', [Drop one '] | okay |
| $\begin{aligned} & 19 \mathrm{~S} \\ & 1 \mathrm{p} ; 6 \end{aligned}$ | patent database. Used as a problem | patent database. <br> Used as a problem <br> [Start a new paragraph here.] | Correct as is |
| $\begin{aligned} & 20 \mathrm{~S} \\ & 1 \mathrm{p} ; 6 \end{aligned}$ | may be improved. In addition | may be improved. <br> In addition <br> [Start a new paragraph here.] | Correct as is |

| 20 E <br> $3 \mathrm{pb} ; 2$ | find a way if using | find a way of using | okay |
| :--- | :--- | :--- | :--- |
| 20 E | FUNCTIOANLITY, | FUNCTI ONALITY, | Mann J un 2003 <br> Correct in 2nd print |
| 21 E <br> $1 \mathrm{p} ; 2 \mathrm{~b}$ | Fullfillment | Fulfillment | Mann J un 2003 <br> Correct in 2nd print |

## Chapter 2

| Page <br> Type <br> Parag. <br> Line | Is | Has to be (Question/Comment) | Answer |
| :---: | :---: | :---: | :---: |
| $\begin{aligned} & 23 \mathrm{~S} \\ & \text { title } \end{aligned}$ | Process Overview | Systematic Creativity Process Overview <br> [Readers want to know what process. Maybe more preferable than TRIZ Process Overview.] | Correct as is in English edition |
| $\begin{aligned} & 23 \quad Q \\ & 1 p ; 4-6 \end{aligned}$ | While it might be said (...) that $99 \%$ of the problem comes in the implementation, | [What stages do you mean by 'implementation' here? ] | No change required (implementation - turning the solution into a real, validated product) |
| $\begin{aligned} & 23 \mathrm{E} \\ & 2 \mathrm{pb} ; 2 \mathrm{~b} \\ & \hline \end{aligned}$ | validated against include | validated against, include [I nsert a comma.] | okay |
| $\begin{aligned} & 24 \mathrm{E} \\ & 2 \mathrm{p} ; 5 \\ & \hline \end{aligned}$ | hat to do with | what to do with | Mann J un 2003 Correct in $2^{\text {nd }}$ print |
| $\begin{aligned} & 24 \mathrm{E} \\ & 3 \mathrm{p} ; 1 \end{aligned}$ | and whether, even if such a thin is possible, whether | and, even if such a thin is possible, whether [Drop 'whether'.] | okay |
| $\begin{aligned} & 24 \mathrm{~S} \\ & 3 \mathrm{p} ; 4 \\ & \hline \end{aligned}$ | in the last chapter | in the previous chapter | okay |
| $\begin{aligned} & 24 \mathrm{~S} \\ & 2 \mathrm{pb} ; 9 \mathrm{~b} \end{aligned}$ | process), merely to say that, TRIZ | process), but merely to say that TRIZ <br> [Insert 'but' and delete a comma.] | okay |
| $\begin{aligned} & 24 \mathrm{~S} \\ & 2 \mathrm{pb} ; 8 \mathrm{~b} \end{aligned}$ | richness. So much so | richness. <br> So much so <br> [Start a new paragraph here.] | Correct as is |
| $\begin{aligned} & \hline 25 \quad \mathrm{~S} \\ & 2 \mathrm{p} ; 9 \end{aligned}$ | wrong problem. TRIZ tries to | wrong problem. <br> TRIZ tries to <br> [Start a new paragraph here.] | Correct as is |
| $\begin{array}{ll} 25 \\ 2 \mathrm{p} ; 3 \mathrm{~b} \\ \hline \end{array}$ | three ... plus one highly recommended activity. | three ... plus one highly recommended activities. | okay |
| $\begin{aligned} & 25 \mathrm{~S} \\ & 2 \mathrm{bp} ; 2 \end{aligned}$ | navigator icon at the top right hand corner of each page in the book | [We are thinking to put the icon at the top right corner of odd-numbered pages, and chapter number and title at the top left corner of even-numbered pages.] | Okay - we will leave as is |
| $\begin{aligned} & 27 \mathrm{~S} \\ & 2 \mathrm{p} ; 1 \end{aligned}$ | Ideal Final Result - | Ideality/I deal Final Result [So as to match with the Chapter title.] | Correct as is - text should match Figure 2.3 |
| $\begin{aligned} & 28 \mathrm{~S} \\ & 1 \mathrm{p} ; 2 \end{aligned}$ | in the navigation icon | in the navigator icon | Correct as is |

| 28 E | Figure 2.4: Eleven Basic Steps of the DEFINE part | Figure 2.4: Eleven Basic Steps of the GENERATE SOLUTIONS part | Mann J un 2003 Correct in 2nd print |
| :---: | :---: | :---: | :---: |
| $\begin{array}{lr} 28 & \mathrm{~S} \\ 3 \mathrm{p} \text {; all } \end{array}$ | Chapter 10 - | Chapter 10 [Set indentation of the lines.] | Correct as is |
| $\begin{aligned} & 28 \mathrm{E} \\ & 1 \mathrm{pb} ; 3 \mathrm{~b} \end{aligned}$ | a wrong or fundamental unsolvable | a wrong or fundamentally unsolvable | Okay. Also: It is of course possible that (delete comma) |
| $\begin{aligned} & 28 \mathrm{E} \\ & 1 \mathrm{pb} ; 2 \mathrm{~b} \\ & \hline \end{aligned}$ | many experience TRIZ users | many experienced TRIZ users | okay |
| $\begin{aligned} & 30 \mathrm{~S} \\ & 5 \mathrm{p} ; \mathrm{h} \end{aligned}$ | Problems and Opportunities | PROBLEMS AND OPPORTUNITIES <br> [This is the heading of a big section.] | okay |
| $\begin{aligned} & \hline 30 \mathrm{E} \\ & 3 \mathrm{pb} ; 1 \\ & \hline \end{aligned}$ | to the question, though is 'yes. | to the question, though, is 'yes. [Insert a comma.] | okay |
| $\begin{aligned} & 30 \mathrm{E} \\ & 1 \mathrm{pb} ; 3 \end{aligned}$ | strengths-weakneses- | strengths-weaknesses- | okay |
| $\begin{aligned} & 32 \text { Q } \\ & 1 \mathrm{p} ; 6 \end{aligned}$ | how our system and its subsystems and how | how our system and its subsystems work and how [Needs a verb here.] | okay |
| $\begin{array}{ll} 32 & Q \\ 3 \mathrm{pb} ; & 3 \end{array}$ | at any one time, and where/when it is focused, we gain | [I cannot interpret the role of the 'where/when' clause in this sentence.] | ..working on at any one time. By plotting where and when each point is situated, we gain another... |
| $\begin{aligned} & 34 \text { Q } \\ & 1 \mathrm{p} ; 3 \end{aligned}$ | used to identify both 'good' solutions | used to identify 'good' solutions [Delete 'both'. And insert 'not only' somewhere around. (?)] | Suggest we change 'but' later on in the sentence to 'and'. Also, the figure needs shifting up by one line so that the caption is underneath. |
| $\begin{aligned} & 34 \mathrm{~S} \\ & 1 \mathrm{pb} ; 2 \mathrm{~b} \end{aligned}$ | an evolutionary radar plot | an evolutionary potential radar plot | okay |
| $\begin{aligned} & 36 \text { Q } \\ & 1 \mathrm{p} ; 9 \end{aligned}$ | either a function ... , or that ... | [Somewhat asymmetrical in the constructs of 'either'.] | Correct as is |
| $\begin{aligned} & 36 \mathrm{E} \\ & 4 \mathrm{pb} ; 2 \end{aligned}$ | the full process being espoused here. | the full process being exposed here. | Correct as is |

Chapter 3

| Page <br> Type <br> Parag. <br> Line | Is | Has to be <br> (Question/Comment) | Answer |
| :--- | :--- | :--- | :--- |
| $39 ~ S$ <br> Title | Psychology | Psychol ogy of Creativity <br> [The original title is not easy to <br> see what you are going to talk <br> about.] | Correct as is in English <br> edition |
| 40 S <br> $3 p b ; 2 b$ | integrate 'internal' and <br> external invisibly | integrate 'internal' and 'external' <br> invisibly | okay |
| $40 \quad$ S <br> $2 \mathrm{pb} ; 2$ | of the creative process | of the creativity process | Correct as is |
| $41 \quad \mathrm{E}$ <br> $1 \mathrm{pb} ; 4$ | we will be covered in | we will be covering in | okay |

| 41 S | In Figure 3.4. Design (A nut) Solution | Design Solution (A Nut) <br> [Do not divide the keyword.] | Correct as is |
| :---: | :---: | :---: | :---: |
| $\begin{aligned} & 43 \mathrm{E} \\ & 4 \mathrm{p} ; 2 \end{aligned}$ | Chpater 10 | Chapter 10 | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & 44 \mathrm{E} \\ & 1 \mathrm{p} ; 2 \end{aligned}$ | simultaneous application of Inventive Principle 15, 'Dynamic Parts' | simultaneous application of Inventive Principle 1, 'Segmentation', and Inventive Principle 15, 'Dynamics' | okay |
| $\begin{aligned} & \hline 45 \mathrm{E} \\ & \mathrm{Fig} \end{aligned}$ | Figure 3.11 (inside) (two keywords lost.) | 'change colour with age' 'monkey' <br> [Insert these two keywords in the figure.] | Mann J un 2003 Correct in 2nd print |
| $\begin{array}{ll} 46 & \mathrm{Q} \\ 4 \mathrm{p} ; 3-4 \end{array}$ | Take a population of ... may well be ... makes any ... | Taking a population of ... may well be ... making any ... <br> [ $N$ eed to be nouns.] | Correct as is |
| 46 Q | Fig. 3.12 The oval at the right contain the image of Fig. 3.8. | [The oval should contain the image of Fig. 3.9.(?)] <br> [There seems some confusion in the interpretation of this cloud. Is this cloud coming from Fig. 4 or from Fig. 11?] | Correct as is - the figure is drawn as the state before a solution has been generated |
| $\begin{array}{ll} 46 \mathrm{E} \\ 3 \mathrm{pb} ; 3 \end{array}$ | described in Section 2.0 | described in Section 3.1.1 [Or you should write 'in the beginning of this chapter'.] | described in the beginning of the chapter |
| $\begin{array}{ll} 47 \mathrm{E} \\ 3 \mathrm{pb} ; & 1 \end{array}$ | Reference 3.3 discussed | Reference 3.5 discussed | Mann J un 2003 Correct in 2nd print |
| $\begin{array}{ll} \hline 48 \mathrm{E} \\ 1 \mathrm{pb} ; 1 \\ \hline \end{array}$ | (Reference 3.5) | (Reference 3.6) | Mann J un 2003 Correct in 2nd print |
| $\begin{array}{ll} 50 \mathrm{~S} \\ 3 \mathrm{p} ; \mathrm{h} \end{array}$ | White Hat | White Hat (Positive) [Add the brief description.] | okay |
| $\begin{aligned} & 50 \mathrm{E} \\ & 4 \mathrm{p} ; 5 \\ & \hline \end{aligned}$ | in terms of it (and its sub-systems') position | in terms of its (and its sub-systems') position | okay |
| $\begin{aligned} & 50 \mathrm{~S} \\ & \mathrm{lpb} ; \mathrm{h} \end{aligned}$ | Red Hat | Red Hat (Intuitive) | okay |
| $\begin{aligned} & 51 \mathrm{~S} \\ & 2 \mathrm{pb} ; \mathrm{h} \end{aligned}$ | Black Hat | Black Hat (Negative) | okay |
| $\begin{array}{ll} 52 \mathrm{~S} \\ 2 \mathrm{p} ; \mathrm{h} \\ \hline \end{array}$ | Yellow Hat | Yellow Hat (Positive) | okay |
| $\begin{aligned} & 52 \mathrm{~S} \\ & 3 \mathrm{pb} ; \mathrm{h} \end{aligned}$ | Green Hat | Green Hat (Creative) | okay |
| $\begin{aligned} & 52 \mathrm{~S} \\ & 1 \mathrm{pb} ; \mathrm{h} \end{aligned}$ | Blue Hat | Blue Hat (Process) | okay |
| $\begin{aligned} & 55 \mathrm{E} \\ & 2 \mathrm{pb} ; 2 \\ & \hline \end{aligned}$ | (Reference 3.6). | (Reference 3.7). | Correct in ${ }^{\text {nd }}$ print |
| $\begin{array}{ll} 56 & \mathrm{~S} \\ 3 \mathrm{pb} ; & 1 \end{array}$ | In the context of the finding the right place to begin digging a new hole analogy, | In the context of the 'finding the right place to begin digging a new hole' analogy, <br> [Enclose with '...'] | okay |
| $\begin{array}{ll} \hline 58 \\ 5 p ; 1 \\ \hline \end{array}$ | of information in way which | of information in a way which | okay |
| $\begin{aligned} & \hline 60 \text { E } \\ & 2 p ; 1 \end{aligned}$ | TRIZ and other tools help | TRIZ and other tools to help | okay |
| 60 E | In do so | In doing so | Mann J un 2003 |

| $2 p ; 2$ |  |  | Correct in 2nd print |
| :--- | :--- | :--- | :--- |
| 61 E <br> $1 p ; 2$ | (Chapter 6), for example is | (Chapter 6), for example, is <br> [Insert a comma.] | okay |
| 61 E | 5) DeBono, E. 'Six ... | 5) DeBono, E. 'Six ... | Mann J un 2003 |
| Ref. | 6) DeBono, E. 'The Use... <br> 7) Care I., Mann D.L.... | 6) DeBono, E. 'The Use ... <br> 7) Care I., Mann D.L... <br> [Reorder the three references.] | Correct in 2nd print |

## Chapter 4

| $\begin{aligned} & 68 \text { S } \\ & \text { Fig } \end{aligned}$ | [In Fig. 4.5 the area shown with square frames only.] | [The areas are shown with squares with three-level shadings.] | Correct as is |
| :---: | :---: | :---: | :---: |
| $\begin{aligned} & 69 \mathrm{E} \\ & 1 \mathrm{pb} ; 2-3 \end{aligned}$ | What such a time-space map it is trying | What such a time-space map is trying | okay |
| $\begin{aligned} & 70 \quad E \\ & 3 p ; 1 \end{aligned}$ | This second section | This third section | Okay |
| $\begin{array}{ll} \hline 71 \quad E \\ 1 \mathrm{pb} ; 3 \end{array}$ | by 'becoming the problem. | by 'becoming the problem'. <br> [Close the quotation mark.] | okay |
| $\begin{aligned} & \hline 73 \mathrm{E} \\ & 3 \mathrm{p} ; 6 \\ & \hline \end{aligned}$ | into the word of engineering | into the world of engineering | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & 74 \mathrm{E} \\ & 2 \mathrm{p} ; 4 \\ & \hline \end{aligned}$ | fast and last impression | first and last impression | okay |
| $\begin{aligned} & 76 \text { Q } \\ & 1 p ; 4 \end{aligned}$ | the third plane should | the third dimension should | Okay |
| 76 Q 3pb; 1 | uses first, second, and third person to represent | uses first, second, and third persons to represent <br> [Q: Do these mean 'I', 'You', and 'He/She' ?] | Correct as is |
| $\begin{aligned} & \hline 76 \quad \mathrm{E} \\ & 3 \mathrm{pb} ; 1 \mathrm{~b} \end{aligned}$ | albeit one also beyond the scope of this article.) | albeit one also beyond the scope of this book.) | okay |
| $\begin{aligned} & 76 \mathrm{Q} \\ & 2 \mathrm{pb} ; \\ & 3-2 \mathrm{~b} \end{aligned}$ | this means looking at all five levels. | this means looking at all the five levels. | Correct as is |
| $\begin{aligned} & 76 \mathrm{~S} \\ & \text { lpb; h } \end{aligned}$ | The M ap and the Territory | The Map and the Territory [I nsert a blank line after this heading.] | Okay (messes pagination in English edition possibly?) |
| $\begin{aligned} & 77 \quad \mathrm{E} \\ & 4 \mathrm{pb} ; 1-2 \end{aligned}$ | 'We have an open environment speak up if | 'We have an open environment; speak up if [Insert a semicolon.] | Okay |
| $\begin{aligned} & 78 \quad \text { Q } \\ & 3 p ; 2 b \end{aligned}$ | onto the M \& S map | onto the M\&S territory | Okay |
| 78 C Fig | [Figure 4.16 has about 400KB and significantly slows down the operation.] | [We are going to redraw this figure with a simpler background color.] | Correct as is in our edition |
| $\begin{aligned} & 80 \mathrm{E} \\ & \mathrm{Fig} \\ & \hline \end{aligned}$ | [In Fig. 4.20, the squares are drawn in black.] | [Draw in white as usual.] | Mann J un 2003 Correct in 2nd print |
| 81 S <br> Fig | [Fig. 4.21 has 9 SWOT boxes with verbal explanation only.] | [We would like to have an additional figure of a SWOT box as a translation note. See below.] | (no change in English edition <br> - modified version of J apanese footnote included below) |
| 83 E | overall theme of this article | overall theme of this chapter | Okay |

| $2 \mathrm{p} ; 2$ |  |  |  |
| :--- | :--- | :--- | :--- |
| 83 E <br> $2 \mathrm{p} ; 3$ | the system operator. 45 <br> times if | the system operator, or 45 times <br> if | Okay |
| 85 Q | 2) Dilts, Grindler, | [Please supply the initials of <br> 1pb; 2 | Neuro-Linguistic <br> Programming |

Page 81. F oot note for Fig. 4.21

| Stop from becoming <br> good at | Weakness | Threats |
| :---: | :---: | :---: |
| Help become <br> good at | Strength | Opportunities |
|  | Today |  |

Chapter 5

| $\begin{aligned} & 88 \mathrm{E} \\ & 2 \mathrm{p} ; 2 \end{aligned}$ | think about the 'where are we trying to get to from a 9-Windows perspective. | think about the question 'where are we trying to get to?' from a 9-Windows perspective. [Close the quotation mark, also.] | okay |
| :---: | :---: | :---: | :---: |
| $\begin{array}{lc} 90 & Q \\ 3 p ; 1-2 \end{array}$ | to determine which of the problems the tool eventually ends up helping us define is the 'right' one | to determine 'which of the problems the tool eventually ends up helping us define' is that the 'right' one [This sentence is difficult to parse. Is my understanding correct?] | When we are looking to determine which of the problems we end up defining is the 'right' one, the main thing we will use will be the constraints imposed.... |
| 90 S <br> 5pb; 2 | The general identification of | The general definition of | okay |
| $\begin{aligned} & 90 \mathrm{E} \\ & 5 \mathrm{pb} ; 4 \end{aligned}$ | 'evolutionary potential | 'evolutionary potential' <br> [Close the quotation mark.] | okay |
| 90 E 4pb; 3 | in Figures 5.3 and 5.4, | in Figures 5.4 and 5.5, | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & 91 \quad E \\ & 1 p ; 2 \end{aligned}$ | on this resource identification activity is that | on this resource identification activity, is that [Insert a comma.] | okay |
| $\begin{aligned} & 91 \quad \mathrm{~S} \\ & 1 \mathrm{p} ; 3 \end{aligned}$ | used to its maximum effect | used to its maximum potential | okay |
| 91 E <br> Fig | Figure 5.3: Technical Resources | Figure 5.4: Technical Resources | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & 91 \quad \mathrm{E} \\ & \text { Fig } \\ & \hline \end{aligned}$ | Figure 5.4: Knowledge Resources | Figure 5.5: Knowledge Resources | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & 92 \quad E \\ & 2 p ; 3 \\ & \hline \end{aligned}$ | Figures 5.5 and 5.6 illustrate | Figures 5.6 and 5.7 illustrate | Correct in $2^{\text {nd }}$ print |
| 92 E <br> Fig | Figure 5.5: Technical Constraints | Figure 5.6: Technical Constraints | Mann J un 2003 Correct in $2^{\text {nd }}$ print |
| $\begin{aligned} & 93 \quad \mathrm{E} \\ & \mathrm{Fig} \end{aligned}$ | Figure 5.6: Business Constraints | Figure 5.7: Business Constraints | Mann J un 2003 Correct in 2nd print |

| $\begin{array}{ll} 94 & E \\ 4 \mathrm{p} ; 2 \mathrm{~b} \end{array}$ | by seat wear and stem wear improving | by seat wear and stem wear, improving [I nsert a comma.] | okay |
| :---: | :---: | :---: | :---: |
| $\begin{array}{ll} \hline 94 \mathrm{E} \\ 2 \mathrm{pb} ; & 1-2 \end{array}$ | we say "prevention solutions", or | we say 'prevention solutions', or [Replace double quotes with single quotes.] | Replace with single quotes |
| $\begin{aligned} & 96 \text { E } \\ & 3 p ; 1 \end{aligned}$ | Figure 5.7 presents | Figure 5.8 presents | Correct in 2nd print |
| $\begin{aligned} & \hline 96 \mathrm{E} \\ & \mathrm{Fig} \\ & \hline \end{aligned}$ | Figure 5.7: Problem Sore-Point | Figure 5.8: Problem Sore-Point | Mann J un 2003 Correct in $2^{\text {nd }}$ print |
| $\begin{aligned} & 100 \mathrm{~S} \\ & 1 \mathrm{p} ; \mathrm{h} \end{aligned}$ | [Figure] Sheet 6 - Business Constraints | Sheet 6 - Business Constraints [Figure] <br> [This heading should preceed the figure.] | okay |
| $\begin{array}{\|l\|} \hline 100 \\ 1 p ; 2 \end{array}$ | here 'present was defined | here 'present' was defined [Close the quotation mark.] | okay |
| $\begin{array}{ll} \hline 100 E \\ 1 p ; 4-5 \end{array}$ | beyond the 6 months' (i.e. 'the future') go to do with business constraints was | beyond the 6 months (i.e. 'the future') go to do with business constraints' was [Shift the position of the closing quotation mark.] | okay |
| $\begin{aligned} & 101 \quad \mathrm{~S} \\ & 1 \mathrm{p} ; 1 \end{aligned}$ | in Chapter 10 when we examine | in Chapter 10 where we examine | okay |

Chapter 6

| $\begin{array}{\|l\|} \hline 104 \\ 2 p ; 3 \\ \hline \end{array}$ | that main often key functional relationships | that often key functional relationships | Mann J un 2003 Correct in 2nd print |
| :---: | :---: | :---: | :---: |
| $\begin{array}{\|l\|} \hline 104 \text { E } \\ 3 p ; 1 b \end{array}$ | strategies can be applied and, | strategies can be applied. <br> [Delete 'and,' and put a fullstop.] | Mann J un 2003 Correct in 2nd print |
| $\begin{aligned} & \hline 105 \mathrm{Q} \\ & 1 \mathrm{p} ; 2 \mathrm{~b} \\ & \hline \end{aligned}$ | into a single image, often to the confusion | into a single image, is often to the confusion | Correct as is |
| $\begin{aligned} & 106 \quad \text { Q } \\ & 1 p ; 4 \end{aligned}$ | immediately before, during and after the problem | immediately before, during, and after the problem <br> [How about inserting a comma?] | okay |
| $\begin{array}{\|l\|} \hline 106 \\ \text { Fig } \end{array}$ | [Drawings in Fig. 6.3 are too small to read.] | [We would like to make these drawings larger to be readable.] | The main purpose of the figures is to convey the left-to-right time factor and not the content. In the English version we will keep the figure as is. |
| $\begin{array}{\|l\|} \hline 106 \quad S \\ 2 p ; 2 \end{array}$ | a means of both defining what problems ..., but also ... | a means of defining not only what problems ..., but also ... | okay |
| $\begin{array}{\|l\|} \hline 107 \mathrm{~S} \\ 2 \mathrm{p} ; 1 \end{array}$ | The second stage then | The second step then [Because you talk about the first step in the previous paragraph.] | okay |
| $\begin{array}{lr} \hline 107 \mathrm{~S} \\ 2 \mathrm{p} ; 3-4 \end{array}$ | combining the first stage and this stage, | combining the first step and this step, | okay |
